## Give Back to Your Community As Time Permits

Membership in our Satellite Club allows you to give back to the community of Camarillo as you are able without having to attend our regular weekly meetings in person. We use a blog format to update members and the public of upcoming events and volunteer opportunities.

Membership in our Satellite Club is just another way to join our traditional club with the same member benefits and inclusion in all members-only events as you are able to participate.

*Our priority is to give you an opportunity to serve the community, no matter how much life has you running around.*

# Leading a Busy Life Shouldn't Prevent You from Giving Back to Your Community

## YOU CAN BE A COMMUNITY LEADER & VOLUNTEER

Have you ever looked at a situation in the community and said to yourself, "Somebody should really do something about that!"

*Becoming who you want to be includes achieving both your professional and personal goals.*

Chances are, somebody very well is trying to, or is at least trying to figure out a way to do something about an unmet need in the community. That's what community

service is all about—identifying unmet needs in the community and doing something about them.

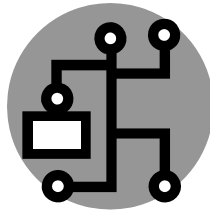

**There's no reason that "somebody" can't be you!**

Most of us have a desire to "be somebody" in life—to make a difference. Most of us try to achieve that goal by becoming accomplished professionals and/or competent parents. But, that doesn't give you every opportunity to meet your potential.

Community service gives you yet another way to make a difference. You can be somebody who does something about a need that is going unmet or a problem that is going unsolved right here in Camarillo.

## WHO IS MEMBERSHIP FOR?

No matter who you are, you possess skills and knowledge that can help make the community of Camarillo a better place to live.

*Even as you run from one commitment to another, there's always an opportunity to make the world a better place.*

Even busy entrepreneurs and business professionals can find the time to help with the flexibility offered by our Satellite Club.

Satellite Club membership is for those interested in volunteering in organized community service projects but who can't make our regular in-person meetings, held every Tuesday at Round Table Pizza in Camarillo from noon to 1:30pm.

By using internet-based resources, including our web site and blog, as well as Skype conferences and email, we facilitate our Satellite Club members' involvement in our community service projects around their busy schedules.

## NEEDS THAT WE ARE CURRENTLY ATTEMPTING TO MEET

At this time, the Kiwanis Club of Camarillo operates several regular events that generate funds needed for our community service projects. Some events raise funds for specific causes while others raise funds that are used to cover various donation requests we receive for charitable donations and ad hoc community service projects.

Examples of our events and causes include:

- The George M. Thayer Annual 5K/10K Run—raises funds for college scholarships to eligible graduating high school seniors in Camarillo
- The Camarillo Celtic Fair—raises funds for donations to causes such as the children's section of the Camarillo Library
- Peanut Day—raises general funds for causes such as:
  - Pediatric Trauma Prevention
  - Local food banks
  - Donations to other worthy charitable causes
- Senior Meals—our volunteers deliver meals every Thursday to elderly shut-ins around Camarillo

**AND MUCH MORE!!!!**
